

WORLD TO BE ISSUED IN STEEL

WORLD AFTER 14 DAYS BATTLE

She Shunned
Movie Tests
Got Right In

Casualties Estimated By Both Sides at Thousands Of Dead and Heavy Property Loss.

The author of the following article on the probable effects on Europe of the Spanish Civil War spent 16 years as a European correspondent for the Associated Press and recently returned to assume direction of its foreign news report.

BY JOHN EVANS
Associated Press Foreign Editor
NEW YORK, Aug. 1.—Civil war in Spain on its fourteenth day accentuated the lineup of European Fascist and Liberal forces.

Wherever wins in Spain, European statesmen fear the world will be the loser.

ISSUE DOUBTFUL
Fourteen days of air bombardment, naval mutiny, cannonading, killing and burning have left the issue still doubtful.

Government Liberal forces claim victory.

Rebel Fascist asserted Madrid would fall shortly.

War machine runs up the casualty list, estimated by both sides at thousands of dead with great property damage.

FOREIGNERS SEEK SAFETY
Foreigners at Madrid and Barcelona fled to their embassies or consulates. Hundreds of them are taking refuge in British, French and Italian ships, chosen to remain.

Both military forces said they would not revoke and that no incidents involving them have been reported.

Spain's rebellion is the sixth since the former King Alfonso fled in April, 1931, and the Republic was set up.

BLOODEDRIED FIGHTING
Fourteen days of blood and fire marked these uprisings and fighting. The people wanted liberty, education, comfort and a voice in the government.

APPARENT SOLUTION
The 1931 republic was the apparent solution of a popular exclamation.

Spain for five years has been torn by civil war. The people wanted liberty, education, comfort and a voice in the government.

WHY IN EUROPE AND THE WORLD
Why in Europe and the world anxiety that strife should cease.

RUTHLESS GOVERNMENT
It is because so many leaders force a strong and ruthless government.

THE LIBERAL GOVERNMENT
The Liberal government in Spain is the only Minister of Agriculture who ever did anything practical for the farmers.

McMAHON WILL WAIT CRIMINAL TRIAL IN FALL

Man Who Hurdled Revolver At King Recited Tale of Mental Misery

By ROGER D. GREENE
LONDON, Aug. 1.—George Andrew McMahon, who wrote King Edward's "damned soul" in the British press last night in the fall for having a revolver at the sovereign's side.

For two hours, while rain pelted the sky of the dingy old court room in Bow street, the stocky, lame McMahon poured out his story of mental misery.

BROODING THOUGHTS
Speaking in a meek, subdued voice, dropping at a time, he told the court that he had been brooding thoughts of death since he was a boy.

THOUGHTS OF WIFE
But, he added, thoughts of his wife were stronger than those of death.

THOUGHTS OF WIFE
But, he added, thoughts of his wife were stronger than those of death.

Something New in Housing

Some of the flats in the partially completed housing project for the Bethnal Green and East London Housing Association. By terracing, each apartment has an open air porch providing sun for the young children. Beds range from 18 to 21 ft. a week. This is a feature of "Down with Tenement" policy.

Probability Of Impasse Looms For Manitobans

WINNIPEG, Aug. 1.—Manitobans last night pondered the probability of an impasse in the provincial legislature and anticipated an early session would be held to discover if the various small groups in the house will support or oppose the Liberal-Progressive government.

Premier John Bracken failed to project the feeling of the house in a speech on the day's elections and, with some of the Liberal-Progressive members, he intended to support the government.

CONCEDED DEFEAT
A veteran member of two Bracken governments, Hon. R. A. Hoey, Minister of Education, conceded his defeat Friday in St. James' ward, where he had been elected in the last provincial election.

FOREST FIRE SMUDGE FOOLS BIRDS, ANIMALS

OKTOBS, Alta., Aug. 1.—Forest fire smoke clouds, rolling over Southern Alberta districts are fooling the birds and animals. With day turning into night by the black pall, chickens are going to roost as early as 3 p.m. Children, too, are accepting the unnatural blackness as early curfew.

POOR LITTLE RICH GIRL IS TEMPLE MISS

Little Sweetheart of Millions Makes Milestone In Capital Film

It's always an event when Shirley Temple comes to town, but "The Poor Little Rich Girl" the tiny star's new Fox hit opening at the Capitol today for a week's engagement, is a new milestone in entertainment.

For, definitely, the "tainted" Temple miss is said to give the performance of her life in this new film and, to top it off, she's surrounded by a veritable galaxy of Hollywood's brightest stars including Alice Faye, Gloria Stuart, Jack Haley and Michael Whalen.

Add to the star and the cast a modern, stirring, romantic story and five bubbling new song hits by none but composer Mark Isidore and Harry Revel, and you have a few of the reasons why "The Poor Little Rich Girl" is being hailed so highly.

Shirley, of course, plays the title role. She is seen as the daughter of Michael Whalen, a wealthy young business man who is far too occupied making money to devote much time to his daughter.

Shirley persuades her daddy that she should be sent to boarding school where she can associate and play with other rich children. Whalen agrees, but instead of attending to the task himself, delegates Sara Haden to accompany her to the school.

Waiting for the train, Shirley wanders off. The busy sidewalks of New York lure her on to adventure.

Jack Haley and Alice Faye, an out-of-work vaudeville team, notice Shirley singing and dancing. Haley is inspired with the thought that she is just what the act needs, and despite Miss Faye's protestations, she is taken into the act.

Shirley is said to perform some fishing dances that top everything she has ever done before and she sings five new songs, including "When I'm With You," "But Definitely," "You Gotta Eat Your Spinach, Baby," "On My Goodness" and "Military Men."

Darryl F. Zanuck selected Irving Cummings as director and B. G. DeSylva associate producer.

Sabatini Novel
Plot For Film

Daring and debonair Peter Blood immortalized by the novel of Rafael Sabatini, has been brought to life on the screen by Compositelux productions in "Capitol" block, a mammoth production, which comes to the Princess theatre tonight, as a First National picture. The gentleman pirate of fortune is portrayed by Errol Flynn.

Romance!

"Lady Cleone Meredith" and "Barabas Barty" as portrayed by Elissa Landi and Douglas Fairbanks, Jr. in "The Amateur Gentleman," from the world-famous novel of the same name by Jeffery Farnol which will appear at the Rialto next Monday, Aug. 3.

NELSON EDDY SINGS AGAIN TENDER SONG

No matter how much you liked "Naughty Marietta," that musical sensation of 1935, you're sure to like "Rose Marie" even more. Again co-starring Jeanette MacDonald and Nelson Eddy, this Metro-Goldwyn-Mayer production will be shown at the Empress all next week.

Like its forerunner, "Rose Marie" was directed by W. S. Van Dyke and produced by Hunt Stromberg, who again combined their talents to give this picture one of the finest young girl-men comparatively new to film, but who won this role, considered one of the most important of the year, over a score of famous actors after a series of screen tests.

Tall, broad-shouldered, handsome, with a dashing and magnetic personality, Flynn has lived through the life of Peter Blood, not as a pirate, but as the soldier of fortune, for he has sought adventure all over the world.

The leading lady, portraying a beautiful noblewoman who falls in love with the bold pirate, is none other than Olivia de Havilland.

BOOKING OF LANDI FILM IS YEAR'S TREAT

Movie "Amateur Gentleman" Will Be Big Feature at Rialto

Perhaps it was his insatiable love of amateur sport and perhaps it was his astute business acumen that impelled Manager William J. Long to book the outstandingly successful picture "The Amateur Gentleman" to the Rialto theatre for one week, commencing on August 3. But, whatever the real reason, Mr. Long, when he said it, he meant it. "I feel we have secured heavily in booking this film," he said. "It is one of the best productions released through United Artists for many months and I am proud to play it at the Rialto."

"The Amateur Gentleman" is the very soul of romance. And while it is well supplied with romance and heart interest, there is plenty of material in the story to appeal to all red-blooded human beings.

BAR-KNUCKLE BOIT

One of the epic scenes of this production is an old style, bare-knuckle boxing bout, which was so realistic in its making that Douglas Fairbanks, Jr. was injured in the role of Bar-Knuckle Boit.

These old time ring battles were unlike the modern fights in many respects. First and foremost, of course, was the fact that the protagonists were no gladiators to fight for money, but for the love of the game.

With all its outdoor scenes made against natural backgrounds of surpassing beauty in the mountain lake country of the Sierra Nevada, "Rose Marie" is a pictorial work of art.

The musical numbers are brilliantly staged and brilliantly sung. One of these, the Teton Pole sequence, is popular by more than a thousand dancers. Spectacular in its giant effects it will go on record as one of the most thrilling scenes ever brought to the screen.

A strong supporting cast includes James Stewart, Reginald Owen, Allan Jones, George Regan, Robert Greig, Una O'Connor and Lucien Littlefield.

COMIC GOS DRAMATIC

Andy Clyde, for the first time in 17 years, gives up his job as comedian to play his very first dramatic role in "Johnny Gets His Gun."

She's a Heart-Thief, Too!

Here's the petite little Miss who steals the hearts of millions with her sunny smile and her pretty ways. She's Shirley Temple, and she's giving a few lessons in deportment to her pet Scottie, "Corky," as the candid camera looks on. "The Temple Miss" is appearing in the Capitol's latest picture, "The Poor Little Rich Girl," which opens Saturday for a week's engagement.

COWBOYS YIP AS RAIL FILM GETS STARTED

British Production Brings Pioneer Scenes To Revelators

REVELSTOCK, B.C. July 31.—The newest cattle ranch is a hundred miles or more from here, yet Revelstock streets resound to the clatter of hard-driven hooves, and wide-haired cowboys from the Alberta foothills are "yehowing" their way along the tree-bordered boulevard.

Associate producer Gunther Staphorst and director Milton Kromer of the Gaumont British unit filming "The Great Barrier," Alan Sullivan's romantic story of "The Changing of the Guard" is shown in the picture of this name which opens at the Rialto theatre on Monday as a joint feature with the picturization of Jeffery Farnol's internationally successful story, "The Amateur Gentleman."

"The Changing of the Guard" shows the historic St. James' Palace in all the glamour and glory of their uniforms performing a series of never-to-be-forgotten episodes and the whole is interwoven with a reminiscence of a retired colonel, who recalls many of his past glories for the benefit of a little grand-daughter—thanks to a co-operation of the Seaford.

HARD BOILED ACTOR TAKES SLEUTH ROLE

"Bullets or Ballots" Shows Up Racketeering in Strand Picture

Back in a part which affords him all of the opportunities for characterization that "Little Caesar" gave him, Edward G. Robinson, one of the finest actors on stage or screen is now playing the stellar role in First National's "Bullets or Ballots" at the Strand theatre.

In this film he plays the part of a hard-boiled detective of the ivorified school who breaks up an organization of racketeers.

For a long time Robinson was not entirely satisfied with his screen roles. He thought he should like to play again a character resembling "Little Caesar."

In "Bullets or Ballots" he has such a role. As Johnny Blake he plays a character, definite character, as default as anything he has ever done, save this time he is on the side of law and order.

"It is stranger," Robinson said, when the subject was brought up, how the public has dubbed me a gangster, a criminal. This is in spite of the fact that I have played comparatively few such evil roles since "Little Caesar." After that picture came "Smart Money," then was a newspaperman in "Five Star Final," a fisherman in "Tiger Shark," a miner in "Silver Dollar," a killer in "The Man With Two Faces" and a Caspar Milquetoast in "The Whirlwind's Tinkling." My roles have been diversified enough, but whenever my name is billed in a picture the public mind clicks, "Gangster."

In New Film

Betty Grable, blonde starlet and fiancée of Jackie Coogan, has a prominent role in "Don't Turn 'Em Loose."

YOUNGEST GLIDER PILOT

Robert Cummings, featured in "Hollywood Boulevard," is Hollywood's youngest official glider pilot.

EAST CHAMPS PLAY 1-1 TIE WITH WESTONS

Second Drawn Game In Dominion Soccer Semi-finals

WINNIPEG, Aug. 1.—Valence-Burnside, Eastern Canada soccer champions, played a 1-1 draw with United Weston, Manitoba champions, here last night in the second of their best of three games semi-final draw.

The game was a tactical draw. The Weston team played a 1-1 draw with United Weston, Manitoba champions, here last night in the second of their best of three games semi-final draw.

Disqualifies Kusek In Wild Climax Of Rousing Mat Bout

Bob Cummings and Unknown "Bat" End Rough Joust in Deadlock—Demchuk Beats Spendlove in Fine Bout

The wildest and roughest of all Edmonton's wrestling orgies ended in upsur last night when Referee Jack Jackson awarded the final bout to Al Westcott after Terrible Klem Kusek had gouged and strangled him into semi-unconsciousness.

Miller Paces ARGONAUTS TO SWEEPING WIN

Toronto Club Ends With 66 Points for Wide Victory Margin

PORT DALHOUSIE, Ont., Aug. 1.—Following in the footsteps of Charlie Campbell, young Toronto club, won the Argonauts' title in 1934, and now carrying the Maple Leaf in the Olympic games.

Benefit For Girls

Mutual Aid and the Red Cross girls will play what will in all probability be the only game of the season when they tangle in an exhibition ball at the Boyle Street Diamond at 6:30 p.m. Wednesday.

Cricket

VENUE CHANGED The Edmonton versus R.C.M.P. game scheduled for the Exhibition grounds on Saturday will be played at the Municipal golf course owing to a body slam and pinned Kusek to gain the first fall.

DOG SHOWS

ARTICLE No. 13

The question "Do dogs reason?" is frequently put to me. A complete answer to the question would be: "They can, and very frequently do." They have that power, but the average dog is not trained to use it, and never relies much on what he can instinct.

DOG SHOWS

The average dog is rarely called upon to use its latent powers of reason, because of the existence it leads. Its life is simple, consisting of the necessity of feeding itself, of its mate and obtaining all the happiness possible from life.

DOG SHOWS

Yesterday he won the junior singles by an open hand, defeating his strongest rival, Fred Carrard of St. Catharines. Less than three hours later he breezed through this event in the association singles.

DOG SHOWS

Don Pauls crew collected 33 points today, winning three firsts, three seconds and two thirds against the strongest American challenge that has come forward so far, from Detroit.

DOG SHOWS

At the end of the day Argos had a grand total of 66 and a lead of 21 over Buffalo, who scored 22 Thursday and 21 today.

DOG SHOWS

Don Pauls crew collected 33 points today, winning three firsts, three seconds and two thirds against the strongest American challenge that has come forward so far, from Detroit.

Rambling House Is Quaint

It Has No Basement, Heater, Fuel Rooms Being on First Floor

Design 712-B, National Plan Service, Inc., Chicago

Eight-room house without basement, fuel and heater room being on the first floor, and rooms including sunroom and terrace overlooking garden.

If you like a rambling type of house you will be interested in this eight-roomed home. It has a quaint charm and homelike hard to beat. It is a house for comfortable and modern living. The first floor contains a large living room, out of which opens a well-lighted sun parlor. Both

dining room and living room are accessible from a pleasant terrace, which, like the sunroom, overlooks the garden. The centrally located hall contains a closet for wraps and a toilet. The breakfast room is in front of the kitchen, and back of the kitchen are the heater and fuel

rooms, there being no basement. The second floor contains three nice bedrooms, each with a closet for clothes, a hall with linen closet, an alcove and bathroom. The house contains 22,000 cubic feet, size of main building being 41 by 32 feet; size overall, 43 feet 6 inches by 40 feet 6 inches.

**ABANDON SHIP
AS TOTAL LOSS**

ST. JOHN'S, Nfld., Aug. 1.—The three-masted schooner Atlantic ran aground Friday in a dense fog at Cape Frech, near Trepanser, and was abandoned as a total loss. Captain Coward and his crew of nine reached land safely in their boats, according to a report to the owners, Job Brothers, in St. John's. The Atlantic vessel was returning from Toronto where she delivered an oil cargo when she strayed from her course in the fog and struck the rocks.

**COLONIAL HOME
SELLS CHEAPLY**

BOSTON, Aug. 1.—A Cape Cod Colonial house, that, according to the exhibition management, can be built to be sold for \$40,000, is shown at the Boston National Home Show in Mechanics Building. Built in 1740, it is attracting attention because of its appearance and living room. It is backed by the Federal Housing Administration, which is sponsoring the exhibit to the extent that a mortgage loan sufficient to purchase such a house will be insured by the F.H.A. on the basis that the loan is to be paid back to the bank holding the mortgage to small monthly payments. John P. Malley, state director of Federal Housing, explains that the monthly payments required to cover the loan would amount to less than the rent for the same type of house. The government does not lend the money; it merely insures the loan in that a bank or association must be more willing to assume the risk.

Killed Instantly
CHAMPELLE, Alta., Aug. 1.—Frank Benckert, 25, was instantly killed Friday when a truck driven by his brother, Alva, turned over a ditch here. One of the men fell on the horn, the continual sound of which brought aid.

**To Probe Problems
Empire Telegraphs**

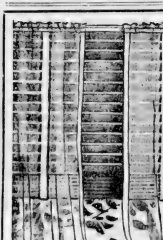

BURTON, England, Aug. 1.—The whole problem of empire telegraphic communication will be examined by a committee of representatives of the dominions and colonies under the chairmanship of Sir Campbell Stuart, chairman of the Imperial Communications Advisory Committee and a native of Montreal. In an address Friday to the summer school of the Royal Empire Society, Edward Willshaw, chairman of Cables and Wireless Ltd., announced he proposed committee. Explaining that empire telegraphic communications constituted an essential part of the defense problem, Willshaw pointed out that hitherto the British Empire had dominated in the matter of world communications but that her position was now being seriously challenged. There was grave danger, he said, that these communications were becoming wholly unimportant.

**William Kudikoff
Must Stand Trial**

BLAINE LAKE, Sask., Aug. 1.—William Kudikoff, Langham, apprehended for alleged breaking and entering the home of John Bondaroff in the Blaine Lake district on June 29, as a result of which Royal Canadian Mounted Police Constable J. R. Love, brutally assaulted, was Friday committed for trial at the fall session, following preliminary hearing which lasted three days. Preliminary hearing of the case against Sam Andrus, Langham, fifth suspect, began yesterday. Two men, Sam Andrus and John Andrus, have already been convicted and sentenced to penitentiary terms for participation in the affair.

**BOAT SINKS IN
TROPIC STORM**

PENSACOLA, Fla., Aug. 1.—The coast guard said last night the tropical storm sweeping inland west of here sank the tugboat Minnie Lee in Choctawhatchee Bay and her crew of five is missing. The United States weather bureau at New Orleans ordered all aircraft warnings down with the announcement the disturbance was central over south central Alabama and was "moving slowly northward with greatly diminished intensity."

Progress Continues On Bulletin Home

The G.E. "Home of Tomorrow" which is being sponsored by The Edmonton Bulletin is now rapidly nearing completion. The last word in a modern low cost all-conditions home for the average Canadian family of modern means, it will revolutionize future building of Edmonton homes. Situated at the corner of 102 Avenue and St. George's Crescent, it already has attracted the attention of thousands of Edmonton citizens who are eagerly following its construction. E. Litchfield, contractor.

ONE DIES IN PRISON RIOT

SALEM, Ore. Aug. 1.—A three-convoicted murderer was killed and two other prisoners were wounded when inmates of the Oregon penitentiary rioted nearly three hours here Friday in protest against a court ruling reducing freedom to a prisoner.
Threats of a rear gate attack by 20 state policemen finally forced surrender of the 700 convicts, who had created pandemonium in the prison yard half the afternoon.
Thomas Baugh, 50-year-old convict, paid with his life as he and several others had led nearly 100 yelling prisoners in a dash for the walls. Wounded were James Hamilton, 38, murderer, serving a life sentence, shot through the back; and Joseph Dupuy, 24, serving a two-year sentence for burglary, shot through the hand.
Guard Corey said he fired when the three ran for the walls, ignoring his warning to halt.

Bulletin's Modern Canadian Home Now Nearing Completion

Scores of Persons Still Visit "Home of Tomorrow" at Cor. of 102 Avenue and St. George's Crescent.
Still visited by scores of interested home owners and prospective home owners daily, the total value of the erection of the Bulletin home is a record having now run into the thousands, the modern low-cost Canadian home which is being built for The Bulletin at the corner of 102 Avenue and St. George's Crescent by E. Litchfield, well known Edmonton home builder, is rapidly nearing completion.
Up-to-the-minute in every particular, built to the prize winning design which carried off first honors in a Canada wide contest for Canadian architects in connection with the Dominion governments Housing Act, the "Home of Tomorrow" is being built for a definite purpose: to show what can be done in the way of supplying modern homes at low cost, suitable to the tastes of the Canadian climate and at the same time within the means of the average Canadian family of moderate income. It is The Bulletin's contribution to a revival of the building industry in Canada and to meeting the greatest need in the Dominion today, namely an adequate supply of moderate cost homes, built by Canadians for Canadians and meeting every modern demand while at the same time being within the means of the average family.

AIR CONDITIONED
Air conditioned by the General Electric System, the modern kitchen electrically equipped to the smallest detail, and laid out by the Kitchen Institute of the General Electric Corporation, with every window made of Pilkington Brothers Vista Glass, the health giving glass recommended by leading physicians the world over; with the walls of Wilshire, another Pilkington product making for health, beauty and cleanliness; with the Johns Manville Company's superior roofing and insulation, imperishable, fireproof, and guaranteed to keep out cold in winter and heat in summer; and with the stucco and plastering the product of the Western Gypsum Products Ltd. of Winnipeg, leaders of their line, and in the cabinetry handwork of C. Beckett, one of Alberta's leading master plasterers, The Bulletin's "Home of Tomorrow" will tell all that the name implies. It will be the last word in a Canadian home, the dream of every Canadian housewife.

ASK SACK OF VIMY WHEAT

PARIS, Aug. 1. Members of the Canadian Legion who fought at Vimy Ridge and who attended last Sunday's dedication of the Canadian war memorial there, have asked the Mayor of Vimy as honorary president of their group to send to the president of the Canadian Legion a sack of wheat from Vimy.
News of the request was communicated last night by the Mayor of Vimy to the secretary general of the Franco-Canadian reception committee here.

Leads Fire Chiefs
TORONTO, Aug. 1.—Chief Robert Hogan of Baton Rouge, Louisiana, Friday was elected president of the Fire Chiefs' Association of America as its 64th annual convention drew to a close. Next year's gathering will be held in Oklahoma City.

Football players in 34 colleges were helped by federal relief last fall.

A Bulletin Short Story Complete
On This Page Every Saturday

Obviously this would mean the thin end of the wedge of political control and the government would have none of it.

"The new minister," Major C. C. Fryer, Postmaster General, told the House of Commons, "would find himself more and more obliged to exercise actual control, and independent management by the B.B.C. would soon be at an end."

There will be no scheduled games next week. All players are

Ant Meet

MONARCH OF COAST RANGE IS CONQUERED

Cairn Erected On Peak By First Men To Ever Reach Goal

KNIGHT INLET, B.C., Aug. 1.—Mount Washington, the unconquerable monarch of the coast range, had a claim on its conqueror, placed there by the first men ever to reach its top. First H. W. Wessner of New York and William F. House of Pittsburgh.

Only at almost perpendicular 500 feet at the top had remained inviolable, other expeditions had climbed the 13,000-foot peak, only to be stopped at the last barrier. One, Alvin Delong of Vancouver, is buried 8,000 feet up where he fell in his first climb in 1924.

MADE ASCENT JULY 31
Wessner and House made the ascent July 31 but it was only Friday that word reached here and could be flashed to the outside world from this canyon settlement by radio-telephone and wireless.

Wessner, who inched the way ahead as the top was reached, occasionally driving in a pin to get a trail, was the first to stand on the summit, on which there was room for only two. Last night he came away from the scene of his triumph, still thirsty for more of the coast country, and making his way for exploration purposes, up the valley of the lower Kiklikan, which flows into the head of Knight Inlet.

TWO-MAN DASH
Wessner decided it was a two-man dash proposition after watching a party of British, Columbia and California climbers fail through what was considered too great numbers. He had stoutly said this party should have five men.

"I am sincerely glad Wessner made this deserved success," said W. F. "Bill" Dobson, Vancouver, one of the unsuccessful party who had watched the New Yorker on the ascent.

Wessner's judgment was sustained. He left behind in his high camp Alan Wilson and Elizabeth Woolley, both well-known mountaineers, and two others.

STARTED AT DAWN
With House, a 25-year-old Yale forestry student, the 45-year-old Wessner started out at dawn July 31, reached the top at 7:40 a. m. and was back in camp early July 31. The last 1,000 feet climb called for hours on the sheer face of the mountain, inched along or performed acrobatic in rocky chimneys, the top they had to swing over a pointed overhang and then go over a narrow summit ridge to the pointed peak.

The descent was made immediately, straight-tongue now with many dangerous rocks avoided. Ice and small rocks whizzed past their heads. Legitimate means of climbing were used, only about a half-dozen pitons being employed as safety measures.

To West Indies
LONDON, Aug. 1.—Miss Sheila MacDonald, youngest daughter of former Prime Minister Ramsay MacDonald, is leaving shortly for the West Indies to take up a secretarial appointment.

Great Dancer Dies

La Argentina, greatest of all modern Spanish dancers, died of a heart attack in her home, Villa Marofres, near Bayona, France. Her consummate artistry had endeared her to millions of Americans in her many tours in this country. She last appeared here in 1928.

SIX OF LEADING COUPLES IN TORONTO STORK DERBY GATHER FOR JOLLY PARTY

TORONTO, Aug. 1.—The Toronto Star in a copyrighted story today says six of the leading couples in Toronto's "stork derby" are parents of 68 children, but not all the youngsters, quality under the will, which stipulates the money will go to the Toronto mother giving birth to the most children in the 10 years after Miller's death.

While the parents talked, the stock hovered about and it was said there were several mothers expecting a visit before Oct. 31.

Artillery Fire Stepped Up By Electric Gear
SEATTLE, Aug. 1.—Bill Preston, Yakima, Wash., sophomore at the University of Washington, thinks his new electrically operated range finder will find favor with the United States Coast Artillery. Preston device would eliminate

none of the 13 men now required to compute an artillery firing problem and reduce the element of error to virtually nothing. Firing data will be computed automatically by the machine instantaneously with the sighting of the telescopes.

He has submitted plans for inspection by Capt. E. M. Gregory and Lieut. Col. E. Woodbury of the army who both agreed the idea was practical. It will be tested by the coast artillery corps for possible approval and acceptance.

SOVIET POLICY IN ASIAN ZONE UP FOR STUDY

Institute of Pacific Seeks Proof of Any Secret European Pact

By HENRY WOOD
United Press Staff Correspondent
YONKERS, N.Y., Aug. 1.—Before the sixth biennial session of the Institute of Pacific Relations convenes August 15 for a two-weeks' session, Soviet Russia will be asked to make public any evidence it may possess of a military alliance or agreement between Germany and Japan directed against the Soviet Union.

In return, if any such evidence is forthcoming, the institute will proceed at once to endeavor to ascertain what would be the attitude of the United States and Great Britain in the face of such a coalition.

IMPORTANCE
The utmost importance is being attached by officials of the institute to the participation this year of the Soviet Union in the session. Not only will this be the first time that the Soviet has elected to play a definite role in the deliberations of the institute, but the institute also their first step toward collaboration with the Pacific nations.

While the Soviets institute officials point out, have been in direct contact with European nations through their membership in the League of Nations, this will be the first time they have been brought into collaboration with the nations bordering on the Pacific.

FIFTY QUESTIONS PREPARED
The importance which the institute is attaching to the presence of the Soviet delegates is indicated by the fact that on the agenda there has been prepared a list of 50 questions or subjects, on which the Russian delegates will be asked to clarify and give information. This far exceeds in number the questionnaire that has been prepared for other nations members of the institute.

Soviet Russia also has been made one of the four nations, of which the other three are the United States, China and Japan, who will be asked this year to define clearly just what is their national policy as regards the northern Pacific area.

While a good part of the questionnaire as regards the Pacific area is directed at the Soviet Union, the most pertinent questions will concern the expansion of Russia to the Pacific Coast and the role it expects to play there in the future. It goes into some detail with regard to the effect of the two five-year plan.

DUST RAISED AT BRUCE STAMPEDE

BRUCE, Aug. 1.—A thunder of hoofs on the range, ending in a swirl of dust, Whopped. The legions had come into its own. The third annual Bruce Stampede last Wednesday proved to be the biggest yet in the history of the town of Bruce.

Following is a list of prize winners in the various classes of the afternoon stampede:
Saddle bucking—1. Harry Meyer; 2. Albert LeRoy; 3. Howard Scherer; 4. Bill Hansen.
Wild horse race—1. Lars Rilland; 2. H. Burke; 3. "Shag" Bergstrom; 4. Willie Minkley; 5. Lars Rilland; 6. Charlie Hubert; 7. E. Miller.
Call rope—1. W. Rilland; 2. Jack "Loose" Rilland; 3. "Shag" Bergstrom; 4. A. Larson; 5. H. Hansen.
Cott degrading—1. H. Burke; 2. H. Meyer; 3. E. Miller.
Pony race—1. Gordon Mober; 2. H. Burke; 3. E. Miller.
Ladies race—1. Phyllis Mober; 2. L. N. Hansen; 3. M. Rilland.
Bicycle race—1. M. Rilland.
Slow race—Bud Coleman.

MODERNS PREFER CARS TO BABIES

LIVERPOOL, Aug. 1.—"Crimis say that the modern girl would rather have a motorcar than a baby. Perhaps the car in some cases is safer for the community," said Edward Fuller, of the Save the Children Fund, at the National Conference on Maternity and Child Welfare here recently.

"At least," he added, "you get a book of instructions with a new car, and you have to pass a Ministry of Transport test before you can get a driving license."

No book of instructions is issued with a new baby, and no test or license is required before undertaking the responsibility of parenthood. I will not discuss the advantages of tests for parenthood, but there is much to be said for the book of instructions.

Delivering the presidential address, Geoffrey Shakespeare, Parliamentary Secretary of the Ministry of Health, said that parenthood was safer in this country than in any other, with the possible exception of Holland. The rate of maternal mortality in England and Wales for 1935 was 4.0 per 1,000 live births, the lowest figure recorded since 1925.

There had been a steady development in welfare work, and all expectant mothers, he said, should regard it as normal to take advantage of the medical facilities for examination and advice provided by the public authorities.

Bad Old Days
LONDON, Aug. 1.—A 16-year-old girl who while a baby was told in court that "100 years ago you would have been sentenced to death for doing a thing like that." She was bound over.

MORTALITY RATE LOW
ECCLERS, England, Aug. 1.—Infant mortality in Britain during 1935 was the lowest ever recorded in the borough and was only 48 per cent. of the mortality in 1914.

Gandhi Villager, Lives In Mud Hut: Tends Goats

British United Press
BOMBAY, Aug. 1.—Mahatma Gandhi is now leading the life of a typical villager.

He has taken permanent residence in a hut on the outskirts of Shegaon village, seven miles from Wardha (Central Provinces). His wife and secretary live at Wardha, whence the latter goes daily to his master. The road to Shegaon lies partly through fields which become a morass during the monsoon, making communication difficult.

Nearly a hundred huts, some tiled, others thatched are scattered about the village. Gandhi's home, which is a tiled hut of mud, has an airy hall in the center which serves as a kitchen, storeroom and bath complete the home. At the side is a small stable for goats.

Area Of Worst Crop Failure Lies Within Palliser's Triangle

OTTAWA, Aug. 1.—End of the crop year Friday drew attention to the prairie drought areas where crops are reported lost failures and farmers in distress. For a century at least, records show, the country has been subject to recurring droughts.

The area of worst crop failure lies within the territory described in the days before settlement as the "Prairie American desert." It is known now as "Palliser's Triangle."

Capt. John Palliser, exploring the prairies in 1857-60 on behalf of the British government, wrote that the country was unfit for farming. He said: "The central desert extends in the form of a triangle from base on the 49th parallel (the international boundary) from longitude 100 (near Killarney, Man.) to longitude 114 (near Pincher Creek, Alta.) and the apex to the 52nd degree of latitude (just south of Saskatoon). Outside of this area is the fertile plain."

John Dacoun, who explored the country later for the Canadian government, disagreed with Palliser. He believed wheat could be grown in the triangle. Records show both wheat could be grown in the triangle. Records show both wheat could be grown in the triangle.

A bulletin on soil drifting control in the prairie provinces issued by the department of agriculture contains on 18-year record of Saskatchewan's crop district No. 3, typical of the bad sections of Palliser's triangle. From 1918 the record shows yields as high as 23.8 bushels per acre. The lowest before 1928 was 3.3 bushels in 1919. In 1929, however, the yield fell from the high mark to 6.8. In the subsequent five years the yields were 8.4 bushels per acre, 3.1, 8.3, 3.7, 2.

During those years the farm-ers' return from his land was highest in 1929 at \$7 per acre, lowest in 1931 and 1934 at \$1.18.

The Sumatran farmer climbs to a high platform and, with hoofs and yells, frightens the birds from his fields of growing grain.

THIS CURIOUS WORLD

66
G. A. S. E. S.

THESE REPTILES ARE TYPICALLY AMERICAN, SINCE ALL THE SPECIES COMPRISING THE VARIED FAMILY, SAVE ONE OR TWO IN THE FIJI ISLANDS, ARE FOUND IN THE NEW WORLD.

ALTHOUGH IT FEEDS FROM THE SEA ENTIRELY, THE MARINE IGUANA SEEKS SHELTER ON DRY LAND, DANGER, THREATENING IT ON LAND, WILL NOT FORCE IT TO ENTER THE WATER.

THE INTERIOR OF GALAPAGOS IS INHABITED BY A BRIGHT-COLORED LAND IGUANA, WHICH, BY DAY, LIES BENEATH CACTUS PLANTS AND FOLLOWS THE CREEPING SHADOWS.

THE LARGEST IGUANA IS FOUND IN THE GALAPAGOS ISLANDS. THIS FIVE-FOOT MONSTER IS THE ONLY LIZARD THAT TAKES ITS LIVING FROM THE SEA! IT FEEDS SOLELY ON SEAWEEDS.

THE GIANT MARINE IGUANAS HAVE HELD TO THEIR LONE VOLCANIC ISLAND RELENTLESSLY... SURVIVORS OF A PREHISTORIC AGE! TODAY, HOWEVER, THEIR NUMBERS ARE DECREASING! THE HARDY RACE IS DYING OUT.

CENTRAL AND SOUTH AMERICA HAVE THEIR OWN SPECIES OF IGUANA, ONE OF THE MOST STRIKING BEING THE RHINOCEROS IGUANA, OF HAITI, WHICH BEARS A HORN ATOP ITS SNOUT.

FRECKLES AND HIS FRIENDS

By Blosser

HECK! THERE'S NOTHING TO DO, AN' NO PLACE TO DO IT!

FEEL LIKE FLYING A KITE, OR ROLLER SKATING?

I'M TIRED OF THOSE THINGS! I WISH WE COULD THINK OF SOMETHING ELSE TO DO!

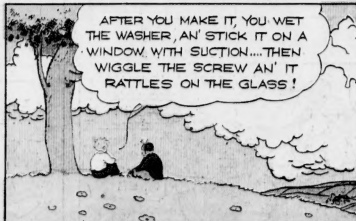

POP SAID WHEN HE HAD NOTHING ELSE TO DO, WHEN HE WAS A BOY, HE MADE A TICKTACK!

WHAT'S A TICK-TACK?

IT'S A RUBBER WASHER FROM A BOTTLE, WITH A FLAT-HEADED SCREW STUCK THROUGH THE HOLE!

WHAT DO YOU DO WITH IT?

AFTER YOU MAKE IT, YOU WET THE WASHER, AN' STICK IT ON A WINDOW WITH SUCTION... THEN WIGGLE THE SCREW AN' IT RATTLES ON THE GLASS!

LET'S GO TO MY HOUSE... AND YOU CAN HELP ME MAKE ONE! I'M NOT SURE I KNOW HOW!

CAN'T OSSIE! I GOTTA GO HOME!

POP IT'S OSSIE! HE WANTS TO KNOW IF A TICKTACK EVER BREAKS A WINDOW?

I'M AFRAID I BROKE SEVERAL THAT WAY, WHEN I WAS A BOY!

HELLO OSSIE! I JUST ASKED POP AN' HE SAID IT'S EASY TO BUST A WINDOW THAT WAY!!

THEN I GUESS I MADE IT RIGHT, AFTER ALL!!

"Out

on the open range with the real "drawn from the woods" buckaroos. In the machine shop among the boys with the overalls and lunch pails. Just a cross section of life taken from

Our

daily lives. A human interest picture of the family at home. It might be your house or mine. You'll get the subtle humor in every cartoon of The Bulletin's daily feature, "Out

Way"
